

2019 Autumn UTS Library Workshops

Helping students, researchers and staff develop information literacy, digital literacy and research skills.

Visit lib.uts.edu.au/events to book into any of the following workshops.

Library

AUDIENCE

Coursework Undergraduate students, postgraduate students, INSEARCH students

Researchers Researchers at any stage of their career, including higher degree research students

Staff Academic staff and professional staff

Finding Information **P. 3**

Referencing **P. 4**

Data Management & Visualisation **P. 5**

Publishing & Metrics **P. 6**

Collaboration & Communication Tools **P. 6**

Chinese Workshops **P. 7**

1. Finding Information

This series of workshops will help you develop effective search strategies to find relevant sources for your work. **Starting Your Assignment** is recommended for all new students and covers how to approach your assignment question, plus strategies for finding books, articles and web sites. **Best Practice for Literature Searching** is recommended for all higher degree research students that are about to start their literature review.

WORKSHOP NAME	AUDIENCE
<u>Starting Your Assignment</u>	Coursework
<u>Advanced Database Searching</u>	Coursework Researchers Staff
<u>Best Practice for Literature Searching</u>	Researchers Staff

2. Referencing

Learn about the Harvard (UTS) referencing style and also master referencing software such as EndNote.

WORKSHOP NAME	AUDIENCE
<u>How to reference in your assignments</u>	Coursework
<u>EndNote for Beginners (PC)</u>	Coursework Researchers Staff
<u>EndNote for Beginners (Mac)</u>	Coursework Researchers Staff

3. Data Management & Visualisation

Effective research data management strategies are essential for all researchers at UTS. Our workshop will cover the basics of how to manage your data across the lifecycle of a project, from data collection to publishing.

WORKSHOP NAME	AUDIENCE
<u>Research data management: less tears, more citations</u>	Researchers Staff
<u>Getting started with data visualisation and infographics using Tableau</u>	Coursework Researchers Staff
<u>Getting started with data visualisation and infographics using Power BI</u>	Coursework Researchers Staff

4. Publishing & Metrics

These workshops target researchers that want to develop an understanding of how metrics work and also to develop strategies for promoting their work. The content is particularly useful for higher degree research students and early career researchers, but the advice is applicable to researchers at any stage of their career.

WORKSHOP NAME	AUDIENCE
<u>Maximise Your Researcher Profile</u>	Researchers Staff
<u>Develop your personal publishing strategy</u>	Researchers Staff

5. Collaboration & Communication Tools

Learn about some of the tools that can help you with collaboration and communication.

WORKSHOP NAME	AUDIENCE
<u>Tools for English Language Improvement</u>	Coursework Researchers Staff

6. Chinese Workshops

These workshops are delivered in Mandarin and cover basic library research skills and referencing.

WORKSHOP NAME	AUDIENCE
查找文献资料 (Library Research Skills)	Coursework
合理引用参考文献 (Harvard UTS Referencing)	Coursework
使用RefWorks轻松建立参考文献 (RefWorks)	Coursework Researchers Staff
使用EndNote轻松建立参考文献 (EndNote)	Coursework Researchers Staff
